

Edgar van den Broek / Brink Groep / The Netherlands

"Edgar van den Broek started in 1997 in architecture as assistant designer. After a few years he moved to a construction company, where he became an estimator. In 2000 Edgar gained his Bachelor of Architecture. Through various positions within the construction industry, Edgar has developed to chief estimating for a large, national acting contractor. Since early 2010 he joined Brink Group as a senior cost consultant. Beside that Edgar is IT consultant in a sister company of Brink Consultancy. The way doing this, Edgar combines best of two worlds, Cost Consultancy and real estate IT. Edgar is an authority in the field of Building Information Models (IBIS4BIM)".
